

Community Cohesion

Community Cohesion Update July 2025

Welcome to our Community Cohesion update 13

A couple of weeks ago I was invited to collect some donations from Slough B&Q, this follows IHJS linking with a charity called Neighbourly recommended by Mrs Alves. They have kindly donated some paint for John to continue to refresh our communal areas – thanks B&Q Slough!

Following on from charitable connections, around 18months ago, I reached out to a charity called Knit -For-Nowt a charity made up of knitters and crocheters who like it says Knit -For Nowt. They provide schools and SEND teams with worry monsters, to use in classrooms or SEND rooms giving children much needed comfort during times when they need IT. We are very grateful to them for their donations and Mrs Peters has already put them to good use.

Have you noticed just how litter free Iver & Iver Heath is of late? We must thank our own community litter pickers for their support. But there's one very special you person who is out every day completing his pick up 100 pieces of litter over 100 days. Here is the link to YouTube to follow tis inspiration young man Samuel, who used to attend IHJS. 😊 He would love to have more sign up to his channel.

Did you know that Pinewood Studios have a community news page? As you know Pinewood continues to grow year on year. Go and have a look at what they are up to within our community.

As mentioned previously we now have a new Father at St Margaret's Church on Church Road. Father Thomas Plant popped into school last week and he is very excited to get to know us all. He has also extended an invitation to us all, school staff, parents and children to join him on the 20th July at the Patronal Festival at 3pm.

Mrs Monger – Community Cohesion

Buckinghamshire Adult Learning
