Dear parents and carers,

I would like to invite you all to our Spring Term Stay & Learn Morning which takes place next Thursday 22nd January 2026 from 9am – 10.30am. The focus for this morning will be – **Maths and the power of Times Tables.** 😊

Our Stay & Learn Mornings are wonderful opportunities for you to join in with your child in their learning and to find out about how your child learns within their Maths lessons, as well as the expectations they have to meet. It is also a great opportunity for you to learn about the latest methods of teaching and the reasons for these methods which is why we love having you come in for these super mornings.

We will meet in the assembly hall at 9am, where I will give you a very short introduction to the morning. You will then be invited to join your children in their classes at approximately 9:15am to work on some activities – particularly looking at how much impact knowing their times tables helps with your child's learning. We will then join back together in the assembly hall again, approx. 9:45am, where I will give a presentation on elements you have seen and a more in-depth chat about Maths as a whole at IHJS. You will then re-join your children in their classes around 10:10am to use this new information to help them with their activities.

If you have children in more than one class, please feel free to move around their classes to ensure that you share some time with all of your children.

I look forward to seeing those of you that can make it. After our morning, I will also put the workshop presentation on the school website for you to access anytime as well as any templates of worksheets we look at.

Thank you for your support for this important event in our school calendar.

Mrs Ruffell
