

We have been treated to the most amazing assemblies from our year 3 classes. Last week 3I took us back to the times of Henry VIII in the most amusing way possible. It was incredible to watch just how confident they were; they learnt so many lines each and acted every part brilliantly. It was bright; it was funny; it was amazing.

This week 3H shared their experience of this year with us. They spoke about learning to be resilient and confident and about how making mistakes is a major part of learning. And their voices!! They sounded just like a choir; it was beautiful.

During both of these assemblies, there was not one adult who didn't have a tear in their eye. We were so very proud of them. They really showed us how far they have come in the 10 months they have been at IHJS.

Support & Cuddles

At IHJS we recognise that some children, at times, may find themselves with worries, big or small that they do not, for whatever reason, feel happy to share with a safe adult. In these cases, we have provided the children with some very special friends. First, let me introduce to you our school's **Worry Monsters**, who help children feel their worry has been shared and ultimately 'eaten' by our **Worry Monsters**.

The children may also like to seek comfort from **Heathcliff** our school's mascot. **Heathcliff**, lives primarily in the library for children across the school to have access to. However, he also travels the classrooms for the children's benefit. During the day, children will have the opportunity to share their worries or just a warm cuddle from our school's mascot. He has already been a big hit in 5H where he has spent the week with the children and received lots of strokes and cuddles.

Miss Ryan

Once again, the children would like to say a huge **Thank You** to our fantastic Support Squad, this time for these amazing Active Boards, which have added yet more fun to our outside play. The children are loving trying to beat the board and achieve the highest score amongst their friends.

Another lovely enrichment opportunity provided for us by the Support Squad came in the form of **World Cup Dance** sessions. The children loved learning routines to some of the best football songs around.

It really got them focused on the tournament.
Thank you Support Squad for arranging this.

National Festival of Fieldwork

Year 3s and 4s have been busy carrying out fieldwork this week.

Year 3 were looking for colour in the environment. The colour we saw the most was green. "Without colour the school would look boring!" Lucas 4H

Year 4 were learning how to use compasses to find the direction they were facing and drawing a sketch map of all the geography they could see, both human and physical.

WB: 22nd June Year 4 swimming all week.

WB: 29th June: Learning Review Week

Tuesday 7th July: Transition day

Thursday 9th July: Yr 3 trip to Chiltern Open Air Museum

Thursday 9th July: Eco-Committee Trip to Iver Environment Centre

Friday 10th July:

- Sports Morning—all parents welcome
- 12pm Community Picnic
- 1pm children may go home after registration

Dates for your Diary

Eco-News

As part of our application to become an eco school, we needed to calculate how many square metres of natural habitats we maintain. So we went out to our natural areas; the jungle area, the meadow and hedgerow sections of the field and part of the quad to measure. We have approximately 1700m²!

The **Eco-club** also enjoyed making **mini-bug houses** with sticks, leaves and grass, in the shade of the trees.

Please send in any photos of your child completing anything eco-related to eco@iverheath-jun.bucks.sch.uk so I can include them in upcoming newsletters. Thank you.

Mrs de Charmant.

DROWNING PREVENTION WEEK

We're
supporting

STAY WATER-SAFE THIS SUMMER

As the weather warms up and we look forward to the summer holidays, our children naturally head outdoors to enjoy the water. To ensure they stay safe while having fun, we are proud to support RLSS UK's Drowning Prevention Week.

This annual nationwide campaign is specifically designed to equip children and young adults (aged 5-17) with the essential water safety and lifesaving skills they need. By providing this crucial advice every June, we aim to prepare them for the summer months when they are most likely to be near open water.

WE NEED YOUR HELP

While our educators and coaches do incredible work in the classroom and at the pool, the most impactful lessons often happen at home. We are calling on all parents and carers to help extend this learning. By discussing water safety together, you can help ensure that every child has the knowledge to enjoy the water safely and confidently.

KEY TAKEAWAYS FOR THE FAMILY

- Awareness: Knowing the hidden dangers of open water (like cold water shock or hidden currents).
- Preparedness: Understanding what to do if they, or someone else, get into trouble.
- Confidence: Ensuring the "Water Safety Code" is second nature before the school gates close for July.

We are **ACHIEVERS!**

We are a **COMMUNITY!**

We are **PROUD!**

We are **INCLUSIVE!**

Celebration Page

3I—Lilac—you are such a resilient determined superstar! You continuously push yourself to reach your goals—I'm so proud of you!

3H—Harper—you are a ray of sunshine. I am so lucky to have had you in my class this year. You did amazing in our assembly and your words were so clear. Keep up your amazing work!

4I—Guy—what an engaged, focused, super learner you have been this week. Excellent vocabulary used in English and super presentation—well done!

4H—Jersey—I am so impressed with your excitement to learn at the moment! You are progressing in so many areas. Keep it up! Super proud!

5I—Jasraj—for being a resilient learner this week and also being a great friend to others, helping them with their learning!

5H—Harrison S—Amazing contributions to your English this week! So impressed how you have come on and improved!

Year 6 back next week!!

PE—Coach Noyce & Coach Kightley

Shea—Year 5 & Charlie—Year 3

For your exceptional cricket skills! Well done to the both of you!
